### Product description

Do you dream of a durable and timeless baby boomer, an elegant French manicure, or maybe a sensual wedding manicure? Many possibilities, and all you need is one formula - **EASY FIBER GEL** from Victoria Vynn.

Thanks to its advanced formula containing a high concentration of glass microfibers, Easy Fiber Gel creates a cross-linked structure, increasing the durability of the styling.

It enables easy extension and modeling of the shape of natural nails, as well as work with the use of templates, tips and dual forms.

**The gel provides nails with exceptional resistance to fractures and cracks.**

Subtly shimmering particles in two shades of **MILKY** and **PINK** will emphasize their unique character.

**Sparkle Pink** - delicately shimmering particles in whitened pink

#### PRODUCT FEATURES:

- System type – 3-phase: base, gel, top
- Consistency: stable, plastic, self-leveling
- Tile type: any
- Application: building gel nails, strengthening the natural nail plate
