Manufacturer	Victoria Vynn

Product description

Dust Aurora Victoria Vynn powder is a classic mermaid effect, opalescent and changes every color of hybrid varnish to a shiny WOW effect.

- The great advantage of decorating with pollens is their surprising effect, which depends, among others, on from the paint color.
- Depending on the expected effect, they can be rubbed into the dispersion layer of the hybrid varnish or sprinkled on the uncured top.

Application method:

- Make a hybrid manicure.
- Apply an even layer of Top No Wipe Gloss on the cured hybrid varnish.
- Cure in a 48 Watt LED lamp from 15 to max. 30 sec. (time depends on the thickness of the applied top coat)
- IMPORTANT: APPLY DOLLS RIGHT AFTER REMOVING YOUR HAND FROM THE LAMP!
- Use the applicator to apply and rub the right amount of pollen.
- Remove excess pollen with a soft bristle brush and cure in the lamp for 30 seconds.
- Then apply any hybrid top, glossy or matte, depending on the effect you want to achieve.
- Cure in LED lamp 60 sec.

Precautions

- do not use in case of hypersensitivity to any of the ingredients of the product
- keep away from children
- avoid contact with skin or eyes
- in case of adverse reactions (e.g. redness, itching or burning sensation), discontinue use of the product
