### Product description

#### RECOMMENDATIONS:

- nourishing ointment for intensive regeneration of dry, rough and cracked heel skin or hands
- also for diabetics

#### EFFECTS:

- has a strong regenerating effect
- supports natural skin repair processes
- creates an occlusive layer, prevents excessive water loss
- soothes, gives the skin elasticity, softness and smoothness
- provides protection against microbes

#### ACTIVE INGREDIENTS:

- Ozonated olive oil
- Allantoin
- Shea butter
- Lanolin
- Almond oil
- Urea
- Panthenol

#### HOW TO USE:

- apply the ointment to a cleansed area
- use under foil occlusion during or at the end of the pedicure at saloon
- due to the rich composition of ingredients, use at night
